

3rd, 4th, and 5th Grade Math Summer Requirements

To help prepare your child for the 3rd, 4th, and 5th grade, and to prevent "summer slide", I've listed **REQUIRED** math workbooks for the summer. These workbooks can be found at: www.schoolzone.com Also, feel free to utilize your child's IXL account. All students' IXL logins will remain active through the summer at www.IXL.com Your child's log-in info card is included in this envelope.

Incoming 3rd Graders:

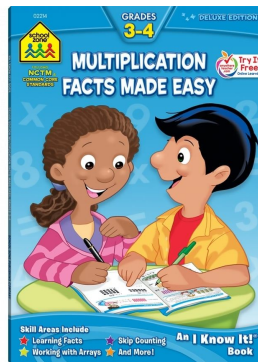

1. Please complete the Math Basics 2 Deluxe Edition Workbook and turn it in on the first day of school (Aug 2018) for a **grade**. This workbook can be ordered online at <http://www.schoolzone.com> - click workbooks, then shop workbooks, select second grade, and then scroll until you see the correct workbook.

2. Practice addition and subtraction facts using flash cards or apps.

Incoming 4th Graders:

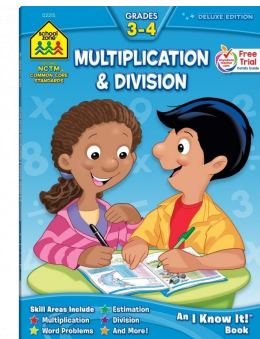

1. Please complete the Multiplication Facts Made Easy 3-4 Deluxe Edition Workbook and turn it in on the first day of school (Aug 2018) for a **grade**. This workbook can be ordered online at <http://www.schoolzone.com> - click workbooks, then shop workbooks, select third grade, and then scroll until you see the correct workbook.

2. Practice multiplication facts using flash cards or apps.

Incoming 5th Graders:

1. Please complete the Multiplication & Division 3-4 Deluxe Edition Workbook and turn it in on the first day of school (Aug 2018) for a **grade**. This workbook can be ordered online at <http://www.schoolzone.com> - click workbooks, then shop workbooks, select fourth grade, and then scroll until you see the correct workbook.

2. Practice multiplication and division facts (through 12s) using flash cards or apps.
